

Vollara Demo (Retail)

User's Guide

Why?

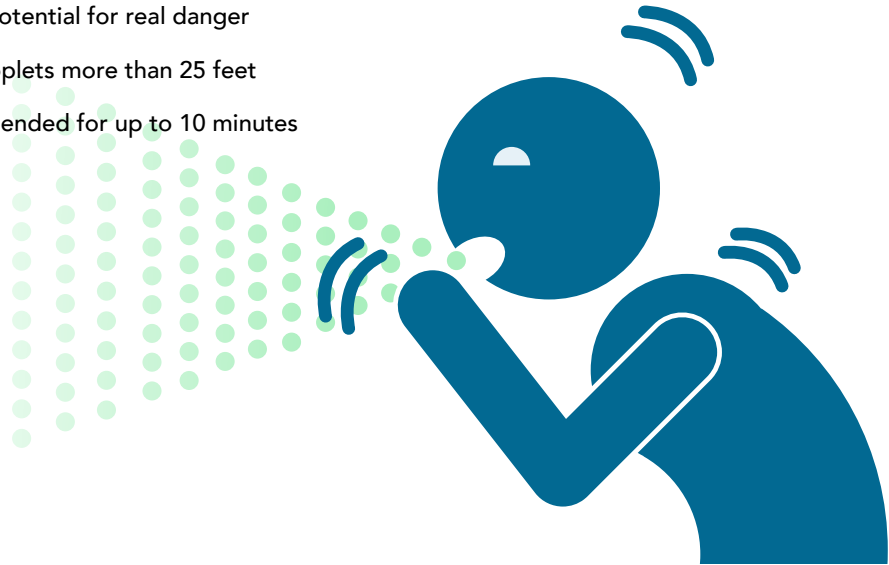

New level of protection is within reach. Peace of mind with Air & Surface purification. Healthy Space = Healthier Life! Control your space.

Examine the science. Discover what is possible

Today... Everyone Is Concerned

WATER DROPLETS:

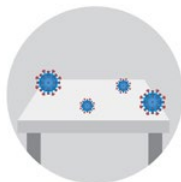

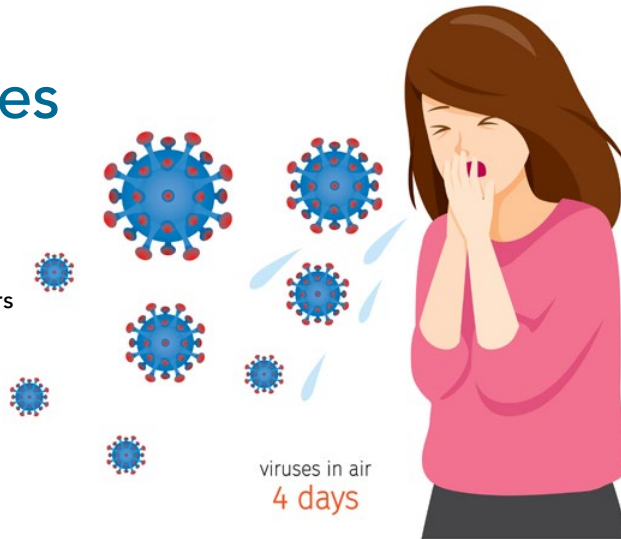

- Can hang in the air+ potential for real danger
- Sneezing can send droplets more than 25 feet
- Droplets can stay suspended for up to 10 minutes

Germ on Surfaces

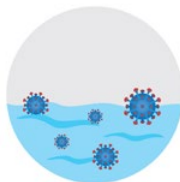

- Pathogens can live on hard surfaces well
- Constant spraying or wiping is unrealistic
- May remain infectious for minutes to hours

Good reason to be concerned!

viruses on
smooth surface

24-48 hours

viruses on
in water

4 days

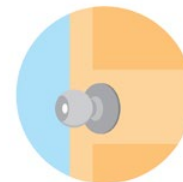

viruses on clothes
or tissue paper

8-12 hours

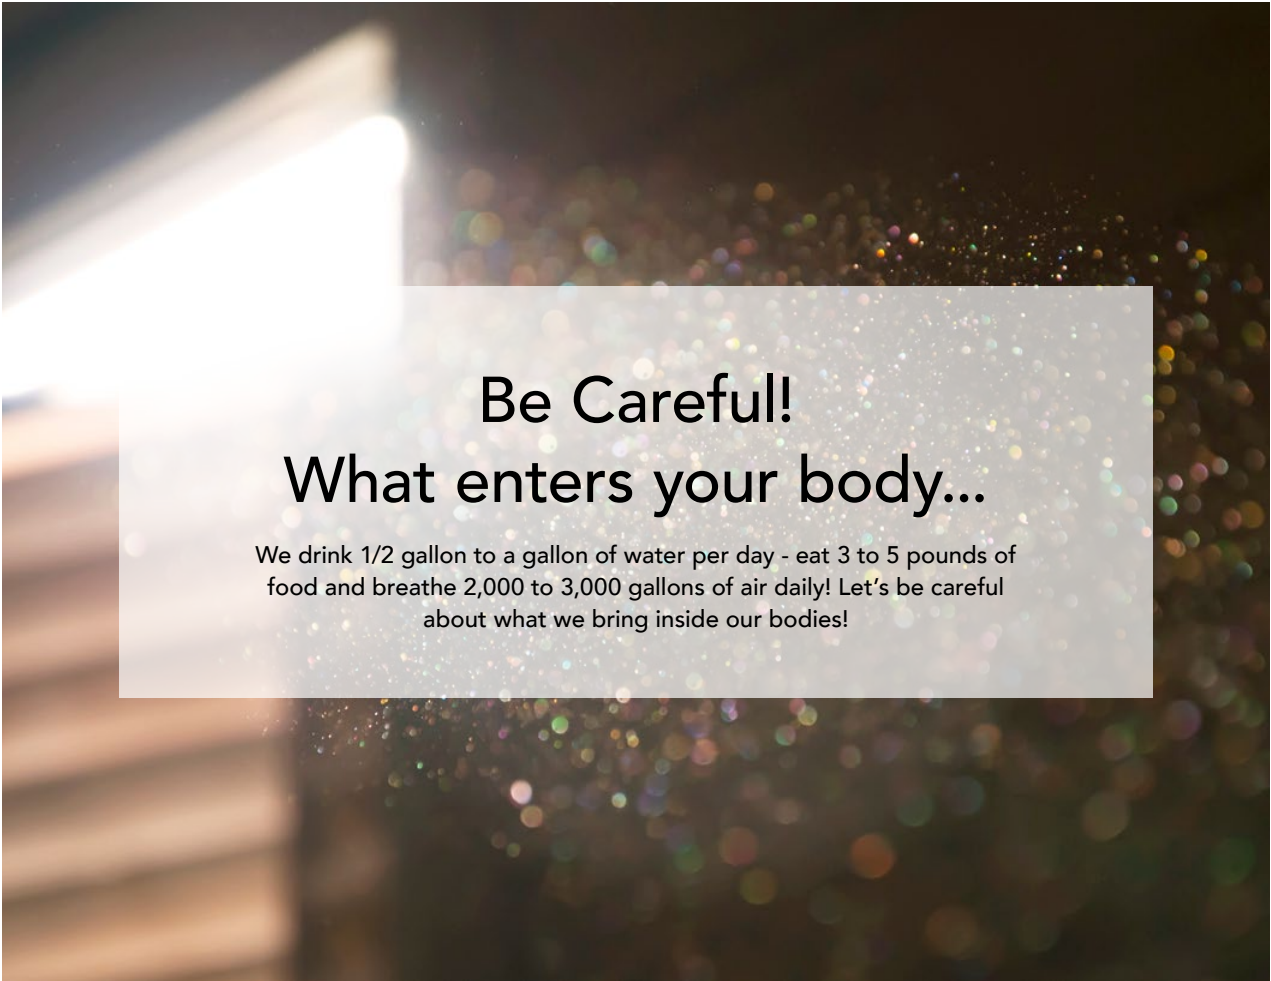

viruses in refrigerator
At a temperature below 4°C

1 month

viruses on door knob
or Banister

7-8 hours

Be Careful! What enters your body...

We drink 1/2 gallon to a gallon of water per day - eat 3 to 5 pounds of food and breathe 2,000 to 3,000 gallons of air daily! Let's be careful about what we bring inside our bodies!

Benefits of ActivePure Technology

Watch this short video to learn about the benefits of ActivePure® Technology.

How ActivePure Technology Works

Watch this short video to learn how ActivePure® Technology works.

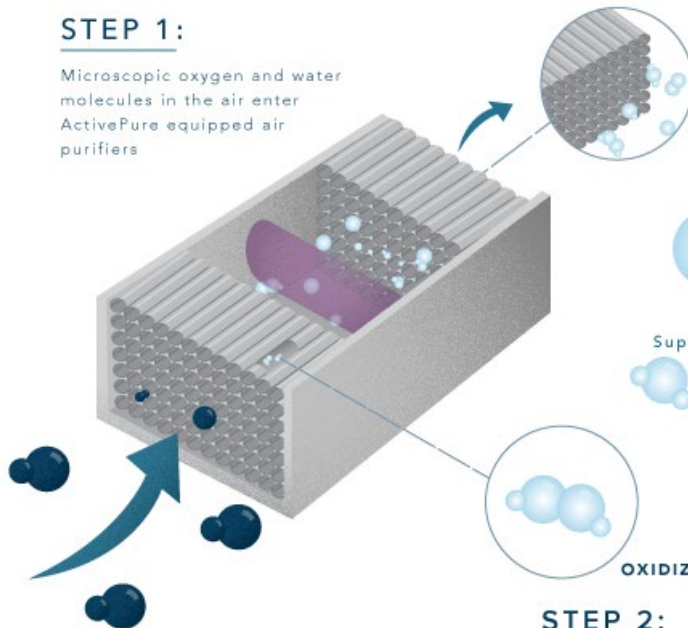

HOW ACTIVEPURE TECHNOLOGY WORKS

The science behind this technology is incredible.

STEP 1:

Microscopic oxygen and water molecules in the air enter ActivePure equipped air purifiers

WATER AND OXYGEN ARE ABSORBED BY THE ACTIVEPURE HONEYCOMB MATRIX

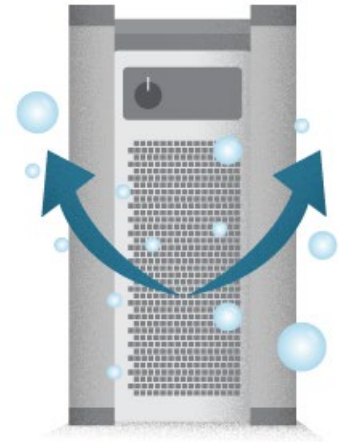

STEP 3:

When they're released back into the air, the supercharged ActivePure molecules seek and rapidly destroy contaminants, fungi, mold, and odor-causing bacteria

STEP 2:

They pass through the ActivePure honeycomb matrix and transform into friendly-yet-powerful oxidizers

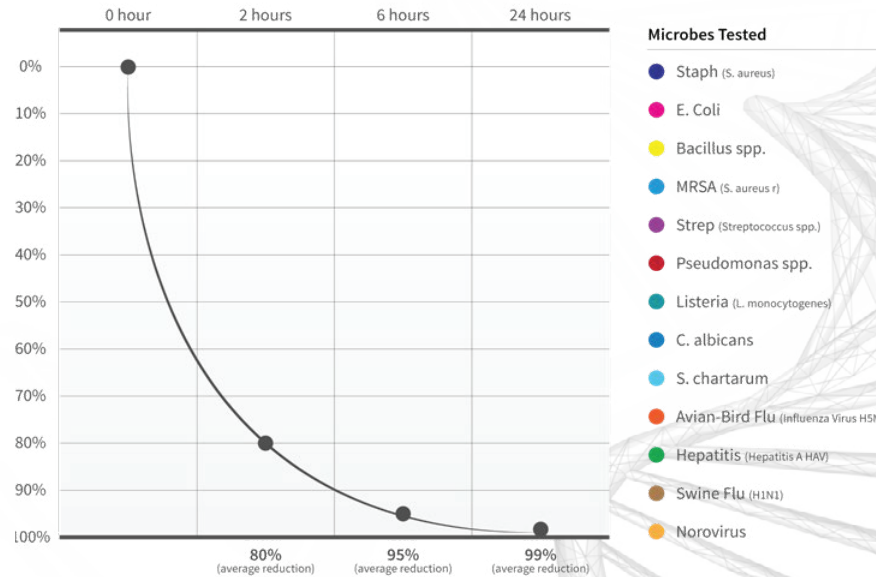

ACTIVEPURE HAS BEEN PROVEN EFFECTIVE IN THE **REDUCTION**
OF SURFACE CONTAMINANTS CIRCA 2008

Reduction of Surface Contaminants – testing conducted by
KANSAS STATE UNIVERSITY

**OVER 99%
REDUCTION**
of microbes in 24 hours!

**OVER 80%
REDUCTION**
in just 2 hours!

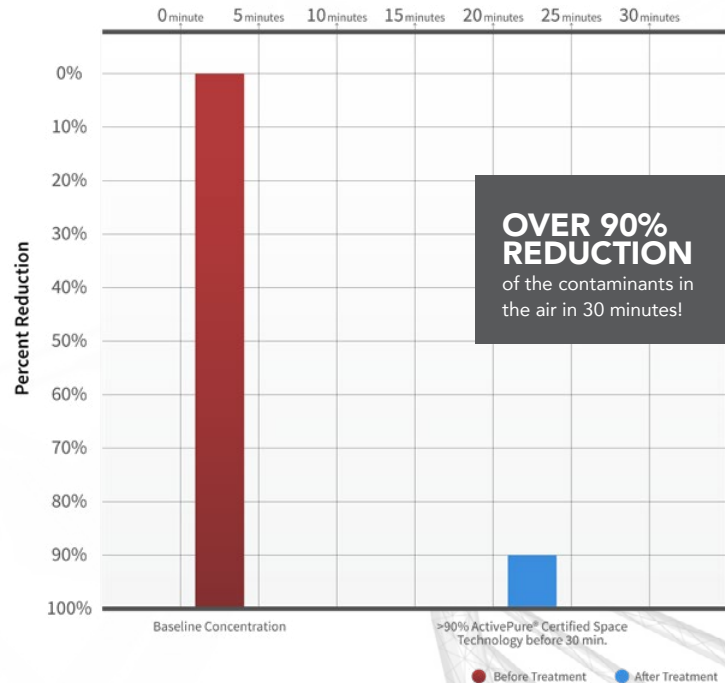

ACTIVEPURE HAS BEEN PROVEN EFFECTIVE IN THE REDUCTION OF AIRBORNE CONTAMINANTS CIRCA 2009

In only 30 minutes our technology reduces over 90% of the contaminants in the air - **which is 50 times more powerful** than normal HVAC filtration

Results based on laboratory testing. Scientific testing has demonstrated the use of ActivePure® Technology to substantially reduce airborne and surface contaminants.

Field results may vary based on environmental conditions. These results have not been certified by the FDA.

Reduction of Airborne Contaminants – testing conducted by
UNIVERSITY OF CINCINNATI

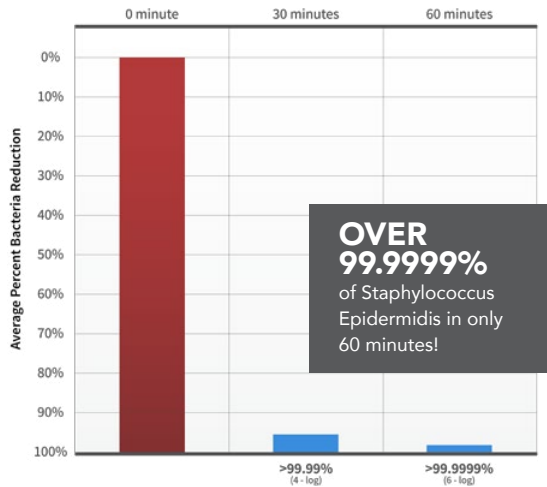

ACTIVEPURE HAS BEEN PROVEN EFFECTIVE IN **FDA-COMPLIANT LAB TESTING AGAINST GRAM-POSITIVE AND GRAM-NEGATIVE BACTERIA.**

MID 2019

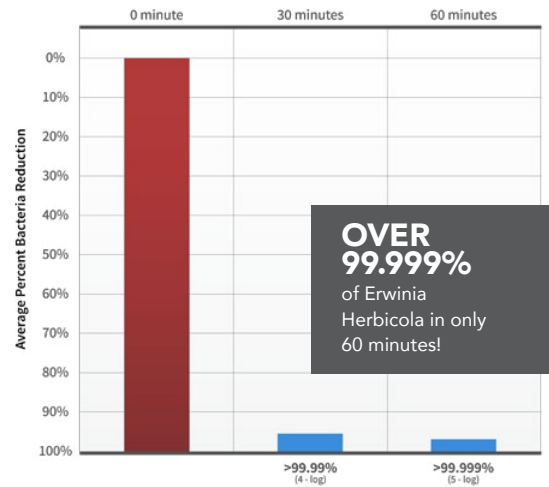

Reduction of Airborne Contaminants *Staphylococcus epidermidis* – Gram-positive Bacteria

Results based on laboratory testing. Scientific testing has demonstrated the use of ActivePure® Technology to substantially reduce airborne and surface contaminants.

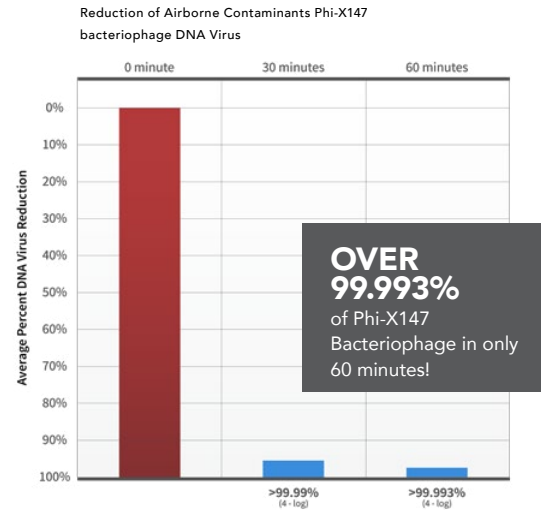

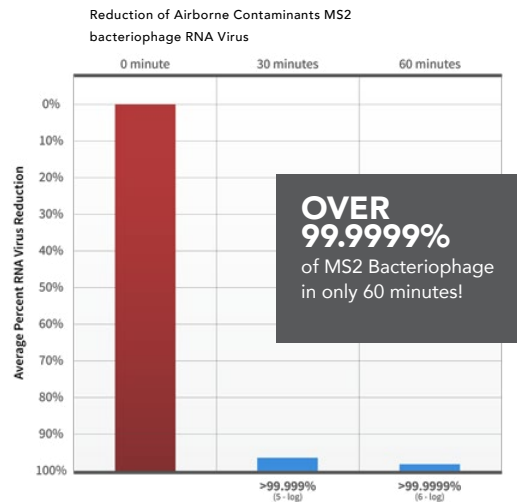

Field results may vary based on environmental conditions. These results have not been certified by the FDA.

Reduction of Airborne Contaminants *Erwinia herbicola* – Gram-negative Bacteria

ACTIVEPURE HAS BEEN PROVEN EFFECTIVE IN **FDA COMPLIANT LAB TESTING AGAINST RNA VIRUS AND DNA VIRUS.** MID 2019

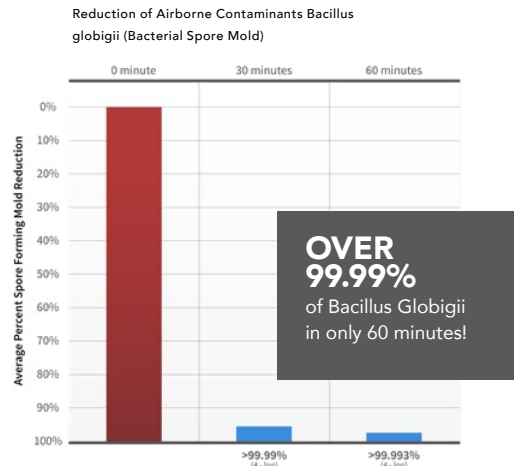

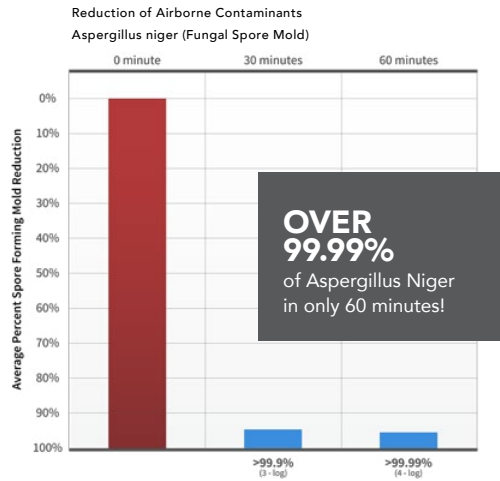

Results based on laboratory testing. Scientific testing has demonstrated the use of ActivePure® Technology to substantially reduce airborne and surface contaminants.

Field results may vary based on environmental conditions. These results have not been certified by the FDA.

ACTIVEPURE HAS BEEN PROVEN EFFECTIVE IN **FDA COMPLIANT LAB TESTING**
AGAINST FUNGAL SPORE MOLD AND BACTERIAL SPORE MOLD. MID 2019

Results based on laboratory testing. Scientific testing has demonstrated the use of ActivePure® Technology to substantially reduce airborne and surface contaminants.

Field results may vary based on environmental conditions. These results have not been certified by the FDA.

HOME OWNERS

Protects your whole family from viruses, bacteria, allergens and indoor air pollution. Makes your home as safe and healthy as can be by investing in the worlds best indoor air purification technology.

A Smart Solution for Everyone

Because ActivePure is both safe and powerful, it's an ideal solution for all kinds of people and places.

PET LOVERS

Furry family members bring love . . . and dander. With ActivePure, it's possible to have the companionship of your four-legged friend and clean, breathable air at the same time.

ASTHMA + ALLERGY SUFFERERS

If seasonal allergies, breathing difficulties or asthma impact your daily life, ActivePure Technology can help.

PARENTS + CAREGIVERS

Delicate immune systems can be compromised by allergens, bacteria and viruses. ActivePure Technology works in your home to bring a clean balance to air and surfaces.

A Smart Solution for Everyone

Because ActivePure is both safe and powerful, it's an ideal solution for all kinds of people and places.

HEALTH ADVOCATES

Clean environments naturally facilitate wellness. If you're devoted to living a healthier life, ActivePure technologies support your lifestyle.

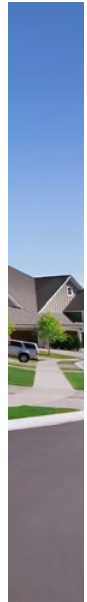

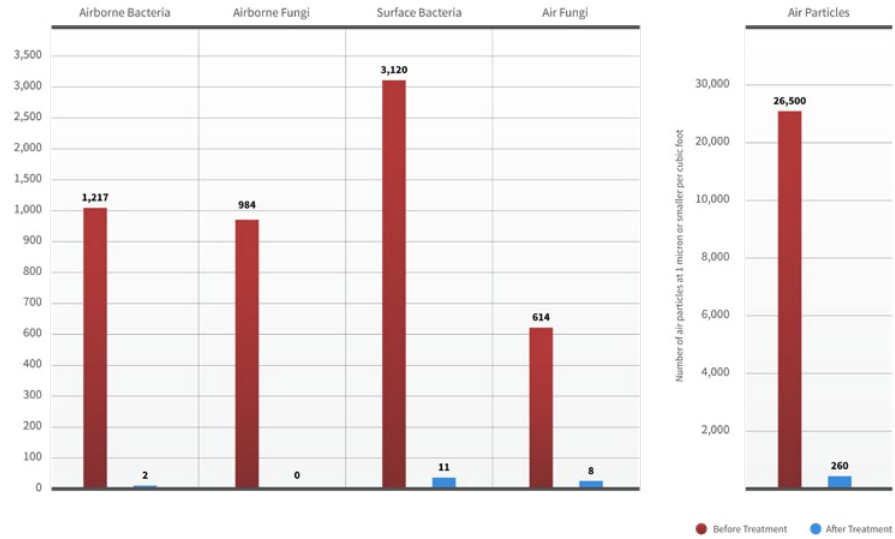

EDUCATORS

Learning environments are one of the top places illnesses can spread – and high absentee rates can affect performance. ActivePure has been shown to significantly reduce viruses and sick days.

ACTIVEPURE TECHNOLOGY INSTALLED IN **RESIDENTIAL HOMES**

Vollara Air & Surface Pro

This small but powerful surface and air purifier uses our patented ActivePure® Technology to eliminate contaminants on surfaces and in the air, without the use of ozone, and reducing the odors caused by these contaminants.

BENEFITS

- New & improved **PATENTED** ActivePure® Cell destroys over 99% of all surface and airborne contaminants faster
- Uses an exclusive combination of technologies, including Positive and Negative Multipoint and RF Ion Generation, HEPA and Activated Carbon Filters and our proprietary ActivePure® Technology
- Reduces airborne contaminants and allergens that can trigger asthma and allergy symptoms
- Disinfects surfaces and air, removes VOCs, smoke and odors
- Freshens air and removes odors without the use of ozone
- Portable, no installation required
- Uses only 43 Watts of electricity... less than a standard light bulb!

HOW IT WORKS

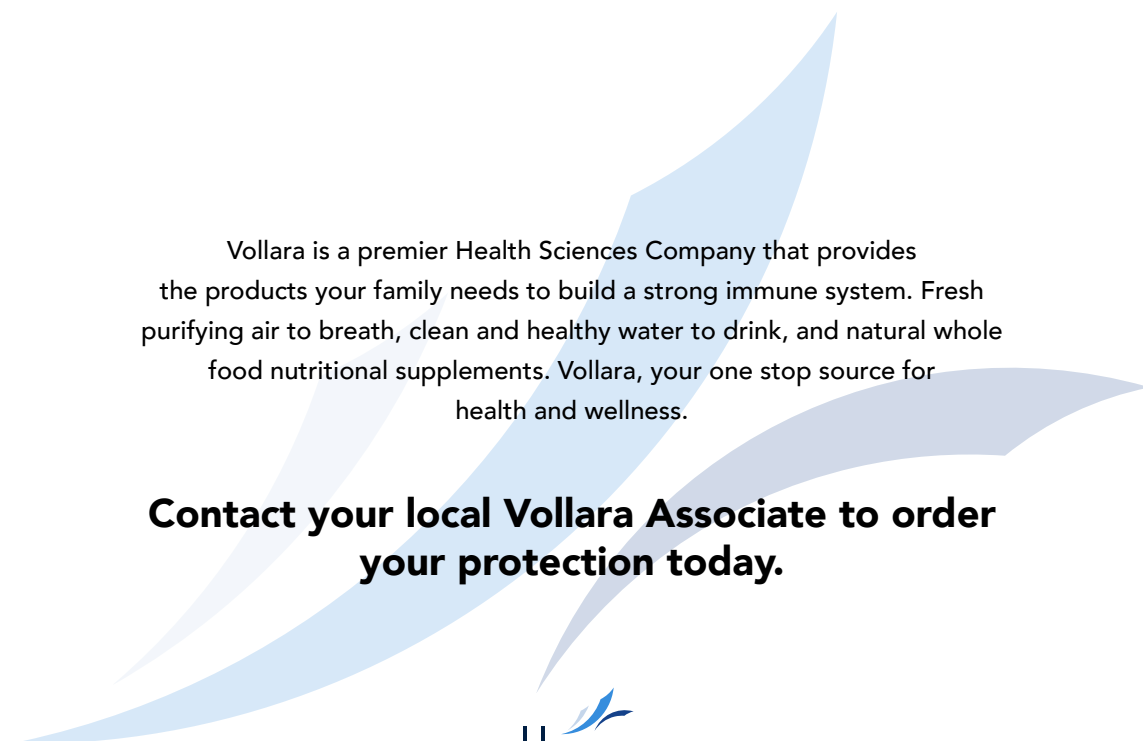

- Our proprietary ActivePure® Technology uses light waves and a catalytic process to produce super oxide ions and hydro peroxides that destroy contaminants on surfaces and in the air
- Features a high intensity UVC light that makes use of the same oxidation and ionizing properties of light as naturally occurring sunlight
- Certified Space Technology continuously protects and purifies the environment around you
- ActivePure® has been tested in independent labs and proven effective on bacteria, viruses, mold and fungi on surfaces and in the air

UNIQUE FEATURES

- Coverage up to 500 sq. ft. to 3,000 sq. ft. (42 m² to 279 m²)
- Positive and Negative Multipoint and RF Ion Generation
- Five Speed Fan
- LED Display
- Maintenance Reminders Replaceable ActivePure® Cells Removable Rear Grill
- Universal Power Supply with cords
- HEPA and Activated Carbon filters
- Limited 3 year warranty

MSRP:
\$1,499.99

Vollara is a premier Health Sciences Company that provides the products your family needs to build a strong immune system. Fresh purifying air to breath, clean and healthy water to drink, and natural whole food nutritional supplements. Vollara, your one stop source for health and wellness.
